

DUBAI | UAE
 World Implant
 Orthodontic Conference
 10 - 13 November, 2015

InterContinental Hotel
 Festival City Dubai UAE

Pre-Conference Workshop

Day 1 - Tuesday, 10 November, 2015

08:00 - 09:00 Registration

09:00 - 12:30

Room Chair: Dr. Ahmed Sulaiman

Pre-Conference Workshop 1:
 Current Options for Skeletal Anchorage
 in Orthopedic and Orthodontic Treatment Work
Benedict Wilmes, Germany
 Sponsored by:

Room Chair: Jolius Paul

Pre-Conference Workshop 2:
 An innovative method to use microscrews
 for different malocclusions
 in a safe and predictable way
Giuliano Maino, Italy
 Sponsored by:

Room Chair: Sama Tabrizi

Pre-Conference Workshop 3:
 Challenge the Limits: A-1 Skeletal Anchorage
 1) Intra & Extra Radicular Position of TADs for
 Whole Arch Distalization with CBCT Analysis
 2) Treatment of Difficult Class III
John Jin-Jong Lin, Taiwan
 Sponsored by:

12:30 - 13:30 Lunch Break

13:30 - 17:00

Room Chair: Dr. Ahmed Sulaiman

Pre-Conference Workshop 4:
 Biomechanics Based Application of
 TADs to Manage Complex Malocclusions
Ravi Nanda | Flavio Uribe, USA
 Sponsored by:

Room Chair: Jolius Paul

Pre-Conference Workshop 5:
 Innovative Lingual Self-ligation System for
 Three-Dimensional Control of Single
 Tooth and Total Arch
Kee-Joon Lee, Korea
 Sponsored by:

Room Chair: Sama Tabrizi

Pre-Conference Workshop 6:
 Challenge the Limits: A-1 Skeletal Anchorage
 1) Paradigm Shift of Orthodontic Treatment
 with TADs
 2) Tough Cases Made Easy with TADs
Johnny Joung-Lin Liaw, Taiwan
 Sponsored by:

18:00 Faculty Welcome Reception (Invitation Only)

Conference Program

Day 2 - Wednesday, 11 November, 2015

07:00	Registration	
08:15 - 08:30	Welcome and Introduction Keynote Room Chair: Prof Abbas Zahra, Egypt	
08:30 - 09:15	Keynote Lecture 1: Considerations in Vertical Problems Young-Chel Park, Seoul, Korea	AI Ras Ballroom 2 & 3
09:15 - 10:00	Keynote Lecture 2: A Novel Approach in Class III Orthodontic Treatment: The Stepwise Backward Rotation of Mandible and TADs Eric Liou, Taiwn	AI Ras Ballroom 2 & 3
10:00 - 10:30	Opening Ceremony	AI Ras Ballrom 2
10:30 - 11:00	Coffee Break and Exhibition	
	AI Ras Ballroom 2 Room Chair: Aala Alali, UAE	AI Ras Ballroom 3 Room Chair: Fahad Alsalam, UAE
11:00 - 11:50	How Does Miniscrew Anchorage Work in Lingual Orthodontics? Yanheng Zhou, China	Miniplate Assisted Treatment for Class II Malocclusions Jorge Faber, Brazil
11:50 - 12:20	Orchestrating "The Asymmetry of the Face" George Anka, Japan	Molar Distalization Supported by Temporary Anchorage Devices Tawfik Al Tamimi, KSA
12:20 - 13:50	Lunch Break and Oral Abstract Presentations	
13:50 - 14:40	Orthodontic Tooth Movement into Newly Distracted Bone Using Skeletal Anchorage Devices Takashi Yamashiro, Japan	Some Treatment Protocols, I Didn't / Couldn't Use Successfully Just a Decade Ago! Mani Prakash, India
14:40 - 15:10	Root Damage and Repair after Placement of Temporary Anchorage Devices N R Krishnaswamy, India	Smile Esthetics and Vertical Dimension: An Update Joseph Bouserhal, Lebanon
15:10 - 15:40	The Use of TADs in Multidisciplinary Cases Toru Deguchi, USA	More than Just Temporary Anchorage! Mini Screw Applications & Research for Acceleration & Restorations Nikhilesh Vaid, India
15:40 - 16:10	Severe Openbite Closure with Mini-Implants: How Predictable? Sumit Yadav, USA	
16:10 - 16:20	Coffee Break and Exhibition	
16:20 - 16:50	Absolute Intrusion with Skeletal Anchorage Increases Risk of Root Resorption in Susceptible Patients Glenn Sameshima, USA	Judicious Use of Micro Implants in Di-fferent Clinical Scenarios Shailesh Deshmukh, India
16:50 - 17:20	Non-surgical Treatment of Severe Gummy Smile & Skeletal Anterior Openbite using TADs John Yau, Hong Kong	Managing Bimaxillary Protrusion with Indirect MIS Anchorage: Can It Replace Orthognathic Surgery? Om P Kharbanda, India
18:00	WIOC 2015 Opening Gala	

**Program subject to change*

Conference Program

Day 3 - Thursday, 12 November, 2015

07:00 Registration

Keynote Room Chair: Prof Abbas Zahra, Egypt

08:30 - 09:15 **Keynote Lecture 3:** Biomechanics for Treating Skeletal Malocclusions with Extra-Alveolar Bone Screws
W. Eugene Roberts, USA

09:15 - 10:00 **Keynote Lecture 4:** How Can Mini-implants Broaden Our Collaboration with the Prosthodontist
Birte Melsen, Denmark

10:00 - 10:30 Break

AI Ras Ballroom 2

Room Chair: Dr. Joseph Bouserhal, Lebanon

AI Ras Ballroom 3

Room Chair: Dr. Hasna Al Saeed, UAE

10:30 - 11:30 Mechanics for Effective Tooth Movement Using Orthodontic Anchor Screws
Mitsuru Motoyoshi, Japan

Management of Complex and Multidisciplinary Patients with TADs
Ravinda Nanda, USA

11:30 - 12:30 Clinical Comparison between Mini-Screw and Mini-Plates in Orthodontics
Ryuzo Kanomi, Japan

Clinical Considerations for Full Arch Movement as a Unit with Mini-Screws
Jang Yeol Lee, Korea

12:30 - 13:30 Lunch Break and Oral Abstract Presentations

13:30 - 14:00 Treatment of Difficult Aligner Cases with TADs and Adjunctive Treatments
James Lin, Taiwan

How to Manage Side Effects in Orthodontic Treatment
Tae Kwan Kim, Korea

14:00 - 14:30 Simultaneous Distalization of Bimaxillary Molars using Miniplates for Non-Extraction Treatment
Junji Sugawara

Herbst-TADs Combined Therapy for Efficient Class II Treatment
Cesare Luzi, Italy

14:30 - 15:30 Tough Impactions Made Easy with TADs
Chris Chang, Taiwan

Application of New Improved Durable Ozone Water (NANO₃) on Implant Stability
Kuniaki Miyajima, Japan

15:30 - 16:00 Coffee Break and Exhibition

16:00 - 17:00 Transverse Occlusal Cant and Facial Asymmetry
Kelvin Chang, Taiwan

The Biomechanical Limitations of TAD and How to Overcome Them
Kwangchul Choy, Korea

**Program subject to change*

Conference Program

Day 4 - Friday, 13 November, 2015

07:00 - 10:00 Registration

Keynote Room Chair: Prof Abbas Zahra, Egypt

09:00 - 09:45 **Keynote Lecture 5: What is New with Temporary Anchorage Devices?** **AI Ras Ballroom 2 & 3**
Ali Darendeliler, Australia

09:45 - 10:00 **Annoucement of Young Chel Park Award** (best research presentation) **AI Ras Ballroom 2 & 3**
Young Chel Park, Seoul, Korea

10:00 - 10:30 Break

AI Ras Ballroom 2

Room Chair: Dr. Mohammed Shalabi, UAE

AI Ras Ballroom 3

Room Chair: Dr. Mohammed Abdulla, UAE

10:30 - 11:15

A Cumulative Knowledge: What Do We Know About Mini-Implants To Date?
Samar Al Hayek, KSA

Openbite and Class III Malocclusion Treated by Skeletal Anchorage: What's New?
Luca Lombardo, Italy

11:15 - 11:45

A Decade of Mini Implant Research: A Compendium of Data and Clinical Information
Kanobha Keluskar, India

A Gap Between Virtuality and Reality: From Digital Teeth Alignment to Bonding Customized Orthodontic Brackets
Jung Yul Cha, Korea

11:45 - 12:15 Closing Remarks

**Program subject to change*
